Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl. Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

EMOTIVE DESIGN

The new CR-V's silhouette may be familiar, but the design is new from the ground up. Every one of its sleek dynamic lines, from its muscular wheel arches to its sculpted bonnet, has been developed to enhance performance and maximise aerodynamic efficiency.

Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl. Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

INNER CALM

The CR-V's interior has been designed to maximise a feeling of connection between you and the car. Clean lines provide a sense of space, enhanced by contrasting materials with beautifully crafted finishes. The controls have been positioned to be intuitive and simple, so although you are surrounded by clever technology, it's never intrusive.

Thanks to our Active Noise Control, which is standard across the range, the interior is a quiet and calm environment. It's also extremely comfortable with four-way power lumbar support for the heated front seats with the availability of heated rear seats and a heated steering wheel*. Ensuring every journey is taken in the utmost comfort and relaxation.

*For more information on which grades these and other features are available on, please refer to the specification pages 49-52.

INTRODUCING THE SPORT LINE

The new Sport Line takes CR-V design to a new level. Created to make a bolder statement, it brings together a collection of stylish accents that offer a sporting take on the world's favourite SUV.

Available in Crystal Black Pearl, the Sport Line transforms the CR-V with a range of upgrades that truly set it apart. Its dark chrome grille is crafted to catch the eye, as are the matching trims on the bumpers, tailgate and sill garnish. The theme continues with the front lights and smoked rear lights, while imposing 18" wheels add an undeniable sense of road presence. Completing the picture are the door mirrors with their black gloss finish.

Model shown is the CR-V 2.0 i-MMD Sport Line in Crystal Black Pearl.
Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

Model shown is the CR-V 2.0 i-MMD Sport Line in Crystal Black Pearl.
Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

The image shows the interior of a car, specifically the driver's side. The dashboard is dark with a digital display showing the time 12:29 and some icons. The center console and door panels are also dark. The seats are upholstered in a dark, textured material. The view out the windshield shows a calm body of water, distant mountains, and a clear sky. The side mirror reflects part of the car's exterior.

INNER POISE

To take a seat inside the new CR-V Sport Line is to immerse yourself in a truly luxurious space. Generous use of rich piano black lends a sense of uncompromising style to the entire cabin, from the door handles to the steering wheel, the surround and infotainment system. This distinctive finish is complemented by the subtle grain of dark wood panelling on the fascia, doors and centre console.

The black headlining ensures that even when you turn your gaze upwards, the quality of craftsmanship is evident. With comfortable, embossed leather seats for everyone to enjoy, this is a vehicle that takes sporting style to new heights.

ENGAGING TECHNOLOGY

We have developed a whole range of technologies to make driving the CR-V a truly engaging experience. The new head-up display system projects essential information within your sight line, so you don't need to take your eyes off the road; whilst comprehensive driving data is clearly displayed in the Intelligent Multi Info Display and can be accessed through your steering wheel controls.

A centrally mounted 7" full colour touchscreen infotainment system Honda CONNECT*, can neatly link to your smartphone so now you can access apps, contacts, emails, music streaming and more. Keeping you connected to your world and the things you love.

APPLE CARPLAY AND ANDROID AUTO™ *Δ

You can seamlessly integrate your Android phone or iPhone to the Honda CONNECT infotainment system with 7" touchscreen allowing you to make calls, listen to music or send and receive messages.

HEAD-UP DISPLAY^Δ

The augmented reality head-up display projects key information, so the driver can see the data without looking away from the road.

MULTI-ANGLE REAR-VIEW CAMERA^Δ

Engage reverse and the rear-view camera automatically comes to life on the 7" Honda CONNECT screen.

HEATED FRONT AND REAR SEATS^Δ

We believe everyone who travels in the CR-V should be made to feel warm and comfortable. That's why we offer heated rear seats as well as front.

HEATED STEERING WHEEL^Δ

Enjoy the feeling of a warm steering wheel on a cold day. It's little details like this that make driving the CR-V a pleasure.

*Honda CONNECT available as standard on all grades excluding the S grade. Connectivity for Aha™ app (including internet radio) and for internet browsing is through WiFi tethering or Mobile WiFi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary. Only iPhone 5 or newer with iOS 8.4 or later are compatible with Apple CarPlay. Apple CarPlay features, applications and services may not be available in all areas and are subject to change. To use Android Auto™, you need to download the Android Auto™ app from Google Play™ to your smartphone. Only Android 5.0 (Lollipop) or later versions are compatible with Android Auto™. Android Auto™ availability is subject to change and may vary based on geographical location. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries.

^ΔFor more information on which grades these and other features are available on, please refer to specification pages 49-52.

YOUR SPACE

You pack a lot into your life, so we wanted to design an interior that could fit it all in. The CR-V provides a flexible and practical space, full of clever storage ideas, generous amounts of legroom and a large boot capacity of up to 1,692 litres* with the rear seats folded. It has also been designed to make your life easier, with convenient features such as a hands-free access tailgate*, one-motion folding seats and a flat boot floor to maximise loading.

HANDS-FREE ACCESS POWER TAILGATE*

The automatic tailgate is operated by passing your foot under the rear bumper. Perfect when you have your hands full.

*For more information on which grades this and other features are available on, please refer to specification pages 49-52.

Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl.

Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

DYNAMIC DRIVE

The CR-V is now available with our next generation e:HEV hybrid technology. Featuring an intelligent Multi-Mode Drive system (i-MMD), it combines a powerful and efficient 2.0 litre i-VTEC petrol engine with hi-tech electric motors, to give effortless driveability you will enjoy every day.

Underneath we've designed a lightweight chassis to be the most sophisticated ever created for CR-V, complemented by our new MacPherson strut front suspension and multi-link rear set-up. Together they ensure an agile drive with excellent levels of comfort.

Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl.
Images shown are for illustration purposes. In the UK, the CR-V will be a right hand drive vehicle.

MOTIVE POWER

i-MMD technology provides a responsive, smooth and efficient driving experience, seamlessly delivering optimum power by automatically switching between three driving modes: Electric Drive, Hybrid Drive and Engine Drive.

Put simply, Electric Drive is when the car is running silently on pure electricity and drawing its power from the battery via a drive motor; this mode will usually be used when accelerating from standstill or during low speed cruising. In Hybrid Drive, both the petrol engine and electric motors are sharing the work, for example when accelerating at speed. Engine Drive, as the name implies, is when the petrol engine is directly powering the car - such as during sustained high-speed motoring. i-MMD's winning hand is that as well as using the petrol engine to generate electricity, it can harvest otherwise wasted energy to recharge the battery, meaning you'll never have to plug your CR-V in to the mains.

To help you monitor your energy use, a unique Driver Information Interface screen displays the current drive status and the power source being used. Clear graphics show the power-flow and battery charge status, so you can just concentrate on enjoying the drive. After all, the CR-V has been engineered to drive as efficiently as possible.

HELPFUL TECHNOLOGY

A great deal of engineering has gone into keeping you and your passengers safe. In fact, clever technology is always at work while you drive and often you'll never know it's there.

BLIND SPOT INFORMATION*

This clever device makes lane changes and overtaking safer, warning you when vehicles are detected in your blind spot by illuminating a light in your door mirror.

CROSS TRAFFIC MONITOR*

When reversing, the Cross Traffic Monitor can detect approaching vehicles from either side and warns you of imminent danger.

EMERGENCY CALL (E-CALL)

An emergency call (SOS) switch is located within easy reach, adjacent to the rear view mirror. In the event of an emergency, help can be summoned at the touch of a button.

*For more information on which grades this and other features are available on, please refer to specification pages 49-52.

Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl.
Images shown are for illustration purposes. In the UK,
the CR-V will be a right hand drive vehicle.

ALL-WHEEL DRIVE

The electronically controlled real time AWD with Intelligent Control System has been designed to automatically step in when loss of traction is detected.

For instance, the system can detect when the CR-V is climbing a hill and send greater power to the rear wheels. When this extra torque is no longer required, the multi-plate clutch automatically disconnects the propeller shaft from the rear differential, saving fuel.

Model shown is the CR-V 2.0 i-MMD EX in Platinum White Pearl.

Honda SENSING

Honda SENSING is one of the most advanced safety technology suites available and is standard across the range.

COLLISION MITIGATION BRAKING SYSTEM

If there is the possibility of a collision with a vehicle or a pedestrian this feature will alert you to the danger as well as reducing your speed to help minimise the severity of any impact.

LANE DEPARTURE WARNING

If the car moves out of its lane without you activating the indicator, then alerts will flash and sound, to help bring your attention to correcting the lane drift.

ROAD DEPARTURE MITIGATION

A windscreen mounted camera detects whether the car is veering off the road and uses the Electric Power Steering to apply subtle corrections to keep your vehicle in its lane. In certain conditions, it can also apply braking force.

LANE KEEPING ASSIST SYSTEM

Helps keep you in the middle of your lane, providing a less stressful driving experience by reducing the need for steering correction movements and driving effort on the motorway.

INTELLIGENT-ADAPTIVE CRUISE CONTROL

This feature detects if a vehicle driving in an adjacent lane intends to cut in front of you and adjusts the speed of your CR-V in advance. It also helps you maintain the distance between you and the car in front, so you don't have to change your speed.

ADAPTIVE CRUISE CONTROL WITH LOW-SPEED FOLLOWING

This function maintains a set cruising speed and following distance relative to the vehicle in front of you. If the detected vehicle comes to a stop, the function will decelerate and stop your vehicle without you having to keep your foot on the brake. Once the car in front starts moving again simply tap the accelerator to resume the operation.

TRAFFIC SIGN RECOGNITION

The Traffic Sign Recognition system identifies traffic signs and relays this information to you via a visual display. Two signs can be displayed at any one time.

INTELLIGENT SPEED LIMITER

Cleverly combines the existing adjustable speed limiter function with the Traffic Sign Recognition system to automatically set the speed limit to that which the Traffic Sign Recognition system detects.

SE

In addition to features available on the S grade, the features on the SE grade include:

- ◆ 2WD / AWD
- ◆ Rain Sensing Auto Wipers
- ◆ Remote Power Windows and Retractable Door Mirrors (Key Fob Operation)
- ◆ Exterior Mirror Tilt For Reverse
- ◆ Climate Control Dual Auto A/C
- ◆ Parking Sensors (Front and Rear)
- ◆ Rear View Camera
- ◆ Auto Dim Rear View Mirror
- ◆ Privacy Glass
- ◆ Leather Steering Wheel
- ◆ Honda Connect with Garmin Navigation: 7" Touchscreen, AM/FM/DAB Digital Radio, Apple Carplay, Android Auto™, Internet Radio, Aha™ App Integration and Internet Browsing*
- ◆ Premium Audio - 9 Speakers
- ◆ 2 X Front USB Connections
- ◆ 2 X Rear USB Connections (Charge Only)

*Connectivity for Aha™ app (including internet radio) and for internet browsing is through WiFi tethering or mobile WiFi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary. Only iPhone 5 or newer with iOS 8.4 or later are compatible with Apple CarPlay. Apple CarPlay features, applications and services may not be available in all areas and are subject to change. To use Android Auto™, you need to download the Android Auto™ app from Google Play™ to your smartphone. Only Android 5.0 (Lollipop) or later versions are compatible with Android Auto™. Android Auto™ availability is subject to change and may vary based on geographical location. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. For full specifications, please refer to pages 49-52.

SR

In addition to features available on the SE grade, the features on the SR grade include:

- ◆ 2WD / AWD
- ◆ Roof Rails
- ◆ Leather Upholstery
- ◆ Heated Front Seats
- ◆ Driver and Passenger Power Lumbar Support
- ◆ Driver and Passenger Front Seat Manual Height Adjust
- ◆ Ambient Light (Driver/Passenger Footwell and Door Handle)
- ◆ Windscreen Wiper De-Icer
- ◆ Blind Spot Information and Cross Traffic Monitor
- ◆ Active Cornering Lights

For full specifications, please refer to pages 49-52.

EX

In addition to features available on the SR grade, the features on the EX grade include:

- ◆ AWD Only
- ◆ Panorama Glass Roof (Opening)
- ◆ Head-Up Display
- ◆ Heated Steering Wheel
- ◆ Rear Heated Seats
- ◆ Wireless Charging
- ◆ Hands Free Access Power Tailgate
- ◆ Driver Power Seat Adjust (8 Way) with Driver Memory

For full specifications, please refer to pages 49-52.

SPORT LINE

In addition to features available on the SE grade, the features on the Sport Line grade include:

- ◆ 2WD Only
- ◆ 18" Alloy Wheels - Black
- ◆ Black Edition Embossed Leather Upholstery
- ◆ Sport Line Styling - (Black Chrome Grille/Front and Rear Bumper Garnish/Fog Light Garnish/Lower Door Garnish/Tailgate Garnish)
- ◆ Black Door Mirrors
- ◆ Smoked Rear Lights
- ◆ Dark Wood Effect Instrument Panel Garnish
- ◆ Piano Black Interior Door Handles

For full specifications, please refer to pages 49-52.

LIVE LIFE IN COLOUR

Each colour has been created to complement the CR-V's styling perfectly. All you need to do is choose your favourite.

*Premium Crystal Red Metallic is only available on SR and EX grades.

**Rallye Red is only available for S and SE grades and as a special order for SR and EX grades.

***Sport Line is only available in Crystal Black Pearl.

Models shown are the CR-V 2.0 i-MMD EX.

YOUR OPTIONS

Personalise your CR-V with Honda genuine accessories.

They have not only been produced to our same exacting standards, but each one is specifically designed to enhance and fit your CR-V perfectly.

AERO PACK

The Aero Pack gives your car a more sophisticated, dynamic look with a combination of refined body coloured features. **Pack contains:** Front Aero Bumper, Rear Aero Bumper, Running Boards and a Tailgate Spoiler.

Image includes 18" CR1801 alloy wheels. Sold separately.

CARGO PACK

If you frequently transport luggage or specialised equipment, the Cargo Pack will help keep it organised and secure.

Pack contains: Premium Boot Organiser, Bumper Step Protector and Boot Sill Decorations.

PREMIUM PACK

The Premium Pack includes a range of practical and stylish options specifically designed for the CR-V. Pack contains: Side Body Trims, Doorstep Garnishes, Elegance Floor Mats and Front and Rear Mud Guards.

Image includes 18" CR1801 alloy wheels. Sold separately.

STYLE PACK

This Style Pack will increase the body colour accents on the lower side of the car. **Pack contains:** Front Lower Decoration, Rear Lower Decoration and Side Lower Decorations in body colour.

Image includes 18" CR1801 alloy wheels. Sold separately.

FRONT AND REAR LOWER DECORATIONS

The Front and Rear Lower Decorations, standard on the car, get a body colour finish and maximise the premium feel and refinement.

SIDE LOWER DECORATIONS

These smart and stylish decorations give your CR-V a robust, muscular look. They are finished in body colour to complement the Front and Rear Lower Decorations on the standard bumper.

SPORT LINE PLUS PACK

Upgrade your CR-V Sport Line with the sleek and stylish Plus Pack.

Pack contains: Black Running Boards, a Black Tailgate Spoiler, Doorstep Garnishes featuring a black CR-V logo, Elegance Floor Mats and a Boot Mat, both featuring the 'Black Edition' logo.

Image includes 18" CR1802 alloy wheels. Sold separately.

DOORSTEP GARNISHES - PLUS PACK

The Doorstep Garnishes add a personal touch to your car while protecting the door sills from marks and scratches.

Crafted in stainless steel, they also feature an eye-catching, Berlina Black CR-V logo. **Includes:** front and rear trims.

BOOT MAT - PLUS PACK

Keep the boot area clean and free from dirt and scratches. This waterproof Boot Mat is designed to fit perfectly in the area that needs the most protection. It has Graphite Black needle felt carpet with black woven binding and features a 'Black Edition' logo.

ELEGANCE FLOOR MATS - PLUS PACK

These elegant and comfortable fitted tufted carpets, with black woven binding, have an embroidered 'Black Edition' emblem.

Includes: front and rear mats.

ILLUMINATION PACK

The Illumination Pack uses a combination of lights to give an ambient atmosphere to the inside of your car. **Pack contains:** Front Ambient Footlights and the Illuminated Doorstep Garnishes.

MIRROR CAPS

Enhance the individuality of your CR-V with these Asphalt Silver Mirror Caps. Designed to replace the existing ones. **Kit contains:** two Mirror Caps.

SIDE LOWER DECORATIONS

These smart and stylish decorations give your CR-V a robust, muscular look. They are finished in Asphalt Silver or body colour to compliment the Front and Rear Lower Decorations on the standard bumper.

Kit contains: two parts per side.

RUNNING BOARDS

If you want to enter or exit your car more easily, choose our Running Boards. They are designed to fully integrate with the sleek design of your CR-V and are finished in aluminium with black details or in a full black finish to add an extra touch of class to your car.

TAILGATE SPOILER

Add an extra competitive and sporty edge to the back of your CR-V with a floating style Tailgate Spoiler.

TAILGATE DECORATION

Accentuate the exterior look of your car with this attractive Tailgate Decoration. The distinctive chrome adds a little extra style and sophistication to your CR-V.

DRIVE RECORDER

The genuine Honda Drive Recorder is much more than a recording device. No matter if you are driving in the city, manoeuvring your car, or even parked, this helpful technology will always be an extra look-out for you.

PUDDLE LIGHTS

These LED Puddle Lights create an effective, small pool of light just underneath the front doors, illuminating the area beside the car. Only in combination with the Running Boards.

TAILGATE ILLUMINATION

The Honda Tailgate Illumination has been developed to increase your comfort and safety, by illuminating not only the trunk, but also the surface behind your car. The two LED lights installed on the inside of the tailgate provide a powerful and consistent light in the trunk, even when fully loaded. They illuminate as soon as the tailgate is opened.

PREMIUM BOOT ORGANISER

This innovative Boot Organiser enables you to organise your car's boot space and prevent items from moving around when driving.

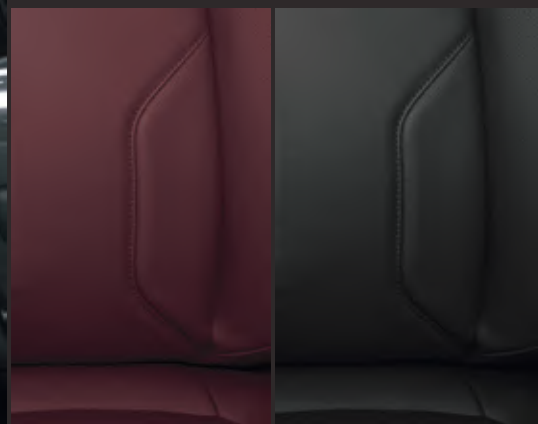

RETRACTABLE TOW BAR WITH 13-PIN TRAILER HARNESS

With this new Retractable Tow Bar system you can pull your trailer or carry bikes with ease. Maximum towing capacity: 750kg. Maximum vertical load: 100kg. The 13-pin socket is integrated in the tow bar and the opening mechanism is positioned inside the boot area to facilitate operation. An optional 12V battery line provides continuous power to your trailer.

LEATHER RANGE

This premium upholstery – a combination of nappa leather and perforated leather – covers the front and rear seats and central armrest. This genuine upholstery comes with Honda's inbuilt production quality, durability and premium finishing.

18" CR1801 ALLOY WHEEL

This alloy comes with Gunpowder Black windows and a diamond cut A-surface with shiny clear coat.

18" CR1802 ALLOY WHEEL

This alloy features a full paint Gunpowder Black surface with shiny clear coat.

*Fuel consumption figures, sourced from EU regulated laboratory test results, are provided for comparison purposes and may not reflect real-life driving experience. The Honda CR-V has been subjected to the new WLTP CO₂ and fuel consumption testing cycle in accordance with Commission Regulation (EU) 2017/1151. WLTP figures better reflect the actual performance of the vehicle when driven on the road. During the transition phase between NEDC (the former testing regime) and WLTP, NEDC values for CO₂ and fuel consumption will remain available in accordance with Commission Regulation (EU) 2017/1153.

*Maximum towing weights are based on a 12% gradient and are tested in accordance with EU Regulations.

^ΔA USB flash drive of 256 MB or higher is recommended and some devices may not be compatible.

*Connectivity for Aha™ app (including internet radio) and for internet browsing is through WiFi tethering or Mobile WiFi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscribed package. Internet browsing function can only be used when the car is stationary. Only iPhone 5 or newer versions with iOS 8.4 or later are compatible with Apple CarPlay. Apple CarPlay features, applications and services may not be available in all areas and are subject to change. To use Android Auto™, you need to download the Android Auto™ app from Google Play™ to your smartphone. Only Android 5.0 (lollipop) or later version are compatible with Android Auto™. Android Auto™ availability is subject to change and may vary based on geographical location. SE is available without Garmin satellite navigation.

Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries.

These specification details do not apply to any particular product which is supplied or offered for sale. The manufacturers reserve the right to vary their specifications, including colours, with or without notice and at such times in such manner as they think fit. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. This publication shall not constitute in any circumstances whatsoever an offer by the Company to any person. All sales are made by the Distributor or Dealer concerned subject to and with the benefit of the standard Conditions of Sale and Warranty given by the Distributor or Dealer, copies of which may be obtained from them on request. This publicity material applies to the UK only Trade Descriptions Act (1968). Whilst efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specification details with the supplying Dealer especially if your model selection is dependent upon one of the features advertised.
